

BLUE DIGITAL DUPLICATOR

BPF-6270

THE ULTIMATE SOLUTION FOR ALL YOUR
PRINTING NEED

BPF-6270

BPF-6270 is a high-speed, eco-friendly digital duplicator delivering low-cost, quality A3 printing up to 160 ppm.

With functions like USB direct printing, 2-in-1 originals, multi-color drum options, and advanced energy-saving modes, it ensures flexibility, durability, and sustainability.

The new W-shaped paper output system greatly improves the movement posture of paper when it runs at high speed to the tray, bringing you a cleaner and fresher paper output experience.

The latest plate making system is more user-friendly, with automatic master roll installation for quick setup. An internal clutch releases pressure when idle to prevent adhesion issues, and the optimized structure reduces paper wrinkling, ensuring a smoother plate making experience.

No longer a single printing color, Users can replace the drum to achieve multi-color printing and enjoy a sharp contrast to highlight the key areas on the documents. Meanwhile, the cost of overprinting is 50% less than overseas brands, which brings great benefits to end users.

The superior 2-in-1 function allows two different originals to be one, which is efficient.

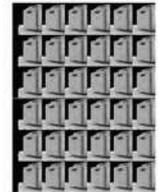

New function in BPF Duplicator :Up to 36 copies can be printed repeatedly on a single plate of paper, separated by dashed lines, mainly used for bill printing. In order to fulfill customers with special needs.

BPF-6270 Specification

Working method	Scan head mobile scanning, thermal master making, memory printing, A3 scan, A3 print	Printing adjustment	Horizontal: ±10mm Vertical: ±10mm
Operation interface	5.0" LCD screen	Scan density	lightest, lighter, standard, darker, darkest
Original scan method	Book (≤ 10kg), Sheets, two-in-one	Master eject capacity	lightest, lighter, standard, darker, darkest
Original setting	Text, image, image>text, text>image, newspaper, screen, pencil	Ejection box capacity	60 sheets
Original scan size	Min:50mm×90mm; Max:310mm×432mm	Ink supply	Automatic (600 ml/pc)
Printing area	291mm×420mm	Master feed/ejection	Automatic (90 m /roll)
Printing paper size	Min:90mm×140mm; Max:310mm×432mm	Power source	220V,50Hz,2A
Master making time	In 18s (A3 Vertical)	Output power	210W
Resolution ratio	300dpi×600dpi (scan 600dpi×600dpi)	Paper feed system	Double feed, Arch adjustment
Printing zoom ratio	Standard: 71%,81%,87%,94%, 115%,122%,141% Free zoom: 50% - 200% (1% increment)	Weight	Net weight: 95kg, Gross weight: 127kg
Printing paper weight	40g/m ² ~210g/m ²	Size (W×D×H)	Work 1310 (W) × 720 (D) × 630 (H); Storage 670 (W) × 720 (D) × 630 (H)
Paper feed capacity	1200 sheets (60g/m ²)	Features	Online printing, U-disk master making, Network printing, Ink saving mode, Pencil mode, Newspaper mode, Screen mode, One page multiple system, Book shadow, Paper edge elimination, adjustment, Automatic ink leveling, Silent mode, image rotation mirror printing, Printing quantity memory function selection, Password mode, Confidentiality function, Engineering mode, Energy-saving
Paper receiving capacity	1500 sheets (70g/m ²)		
Printing speed	6 Levels adjustment (60, 80, 100, 120, 140, 160 ppm)		

Tips: The machine may breakdown using fake or low quality consumables and manufacturer is not responsible for after-sales services. Please use factory's genuine supplies.
